

Event Schedule: Brass Monkey

When – July 6 & 7 2024 from 0800

Where – Bridgetown WA – From Sunnyside Campground, Left off Tweed Road approximately 12km from the turn off the South Western Hwy. Look Out for the MJWA sign at the turn in point!

Course Map

What to expect – Saturday will be a compulsory driver briefing and vessel scrutineering to MJWA rules, full river equipment required. Access to the start pond is via a dirt track that can be slippery so 4x4 is required. Saturday Morning an expedition will commence from the start pool upriver (yellow course) to the waterfall where we re-group and head back down to the start pool, this run will be done multiple times as a learning and experience training.

Sunday will be a Second driver briefing followed by the race. Leg 1 is upriver to the falls and then back past the campground downriver (red course) to Bridgetown where we stop before passing under the main bridge, vessels will be removed from the bank of the river at the Bridgetown Riverwood Park.

A support crew per craft is mandatory for this event as there are some significant challenges on day 2 as we progress to Bridgetown.

Full event Supplementary Regulations to follow via email!
